

INSTITUTO DE
ESTADÍSTICA

PONTIFICIA
UNIVERSIDAD
CATÓLICA DE
VALPARAÍSO

FULL TIME FACULTY POSITIONS

The Instituto de Estadística (Statistics Department) of the Facultad de Ciencias at Pontificia Universidad Católica de Valparaíso, is conducting a search for two full time Associate Professorships according to the current “Reglamento de Personal Académico” of the University. Applicants should have a strong record of teaching (undergraduate and graduate) and research experience.

The Pontificia Universidad Católica de Valparaíso (PUCV) is one of the leading Universities in Chile and south America founded in 1928. In 2020, the PUCV ranking in Latin America Universities is 23 according to the Times Higher Education. The Instituto de Estadística (IES) of the PUCV has more than 25 years history with well-established undergraduate and postgraduate programs. In the last decade, the IES researchers have won more than 10 high level international and national funding.

ESSENTIAL REQUIREMENTS

- Ph.D. in the area of statistics, probability, engineering, mathematics, statistical education, or a related field.
- The ability to publish in high level journals, so the selected candidate can be awarded national or international fundings.
- Some teaching experience (in undergraduate and postgraduate levels). It is expected that the selected applicant will be able to teach in Spanish by march 2022.
- Some teaching skills in computational statistics are preferable.
- Availability to start on the second semester of 2021.

POSITION DESCRIPTION

Applicants should have integral skills to work in teams, strengthen the research lines of the Institute. He/She should contribute to the undergraduate and postgraduate courses.

HOW TO APPLY

Candidates should send the following documents to formalize the application:

- Currículum Vitae including research projects, publications (ISI and Scopus), and educational experience.
- Ph.D. certificate.
- Two Recommendation Letters.
- Research/Teaching Statement, clearly specifying teaching interests and research lines.

The results will be notified to the applicants. The preselected applicants will be invited to pass an interview.
